

This week at Ewhurst we have been feeling hot, hot, hot but this has not stopped lots of excellent learning from taking place and the children being able to enjoy the outdoor environments responsibly and safely. Today we will be taking extra precautions considering the extremely hot weather predicted.

This week, Cherry class caught up via video link with St Paul Kyebando School in Uganda and Peaslake Infant School to share information about London and Kampala. The children learned about the two cities and used the chat function to ask questions and also shared facts about our schools too. It is incredibly important that we ensure the children feel part of a connected world and are aware of their part in it as responsible global citizens; we are proud of our ongoing international link with St Paul's School which plays an important part in this.

Our safety focus this week has been on road safety and I reminded the children of how to stay safe when moving near roads. In particular we focused on making sure we stay close to our adult and always walk when near roads. We then practised the crossing rules together.

I have set the children a new Headteacher Challenge to complete the activity sheet attached to this newsletter. Can they decide which of the situations is safe or unsafe and explain why?

Please see Page 2 for an historic collection of photos that show the school's children in 1911, the year of King George V's Coronation, 2012, the year of The Queen's Diamond Jubilee and, most recently, during The Queen's Platinum Jubilee, 2022.

Attendance Matters

This week, The Ewhurst Infant School **Attendance Cup** goes to Cherry class with 98.3% average attendance for last week. Well done **Cherry!**

Across the school, **61** children demonstrated **excellent attendance**.

The average attendance across the whole school was 97.4% (Up 5.1% on last week – amazing!)
